## Important Reminders

### Winter Coats

As the weather gets colder, please ensure your child brings a warm coat to school every day. Please label all coats with your child's name to help us reunite any lost items with their owners.

### Supporting Children in Need

This half term we'll be supporting Children in Need. Further details about how we'll be marking this have been sent out on Parent Hub.

### Parking Responsibly

We have received concerns from local residents about parking around the school. Please park responsibly and considerately:

- Park away from the school where possible
- Do not block residents' driveways – our neighbours need access to their properties at all times
- Do not park on double yellow lines or across dropped kerbs
- Consider walking, cycling if you live locally

Please also remember that you must not drive onto the school site unless you have signed permission from the school, including collecting from after school clubs. This is essential for the safety of all our children.

Thank you for your cooperation in keeping our children and community safe.

### Representing Our School

I was recently invited to speak to the British Automatic Fire Sprinkler Association (BAFSA) about the effect of the school fire on our school community, children and families, staff, and the educational impact, as well as the cost to the City Council. This presentation supports their important work in pushing for all schools to be fitted with sprinklers. I was very proud to represent our school and contribute to helping the industry develop a greater understanding of the devastating effect of a fire on people and communities.
